

Dear Valued Customer and Partner

**Re: Ovivo Australia Pty Ltd now trading as Tasman Water Technologies Pty Ltd.** ( A wholly owned and proud Australian Company)

As our valued partner, we would like to share the latest news with you as a joint announcement from Ovivo Inc. and Tasman Water Technologies Pty Ltd.

Ovivo Australia Pty Ltd , was acquired by John Riley in a management buyout effective the first of July 2020, John is the current Managing Director and an employee since starting with Ovivo as a Service technician 2010. Tasman Water Technologies will continue to have the full support of the Ovivo Inc Board in Montreal with the acquisition having no effect on our partnership or ongoing day-to-day business operations. We view this as a very positive development for both Tasman Water Technologies and Ovivo Inc. going forward

Tasman Water Technologies has entered into a compressive distribution and licensing agreement with Ovivo Inc and will continue to support the Ovivo Heritage brands with the added benefit of using local manufacturers wherever possible.

ACN, ABN and bank details will remain the same so any existing agreements should remain unaffected. You may start to see changes to stationary and emails...etc. as we transition. Our Head office address and phone numbers in Sydney will remain unchanged as will our Queensland and Adelaide offices and warehouses.

Please do not hesitate to contact me with any questions.

John Riley  
Managing Director  
Tasman Water Technologies Pty Ltd
